

## WALLPAPER BACKGROUNDS

- Take your event to the next level with Liquid Blue's cutting edge animated graphics (also known as "wallpaper"). These exciting, colorful images can be displayed on televisions; front or rear projections or LED walls.
- If your event features video support or video presentations, our graphics are very easy to integrate into your system.
- When you bring the projectors and screens, there is no charge to use our custom graphics presentations. These graphics greatly enhance a dance/party atmosphere and are fun, exciting and hip.

### What's the cost?

- No charge if you provide projectors, screens and video support.
- Projector and one screen \$1500. Two screens \$2000
- Wallpaper and Live Camera: Add additional \$600
- Our wallpapers are in "standard def" (4:3). We can provide these graphics on a DVD or Quicktime.mov file.
- To get a better idea of what these look like, view these Liquid Blue wallpaper videos below. Imagine a full dance floor with pumping music from the band.
